FASTENERS TOOLS

Total Solution To Manufacturing Fasteners

SHREE UMIYA FASTENERS TOOLS, we specialize in producing top-quality Fasteners Tools, including Carbide Heading Die, Thread Rolling Die, Punches, Trimming Dies and Monograms. Our commitment to excellence ensures that each product is crafted with precision using the finest materials, meeting the highest industry standards. We employ advanced manufacturing techniques and rigorous quality control to deliver tools that are not only durable and reliable but also enhance your productivity. Choose SHREE UMIYA FASTENERS TOOLS for fasteners tools that stand for strength, consistency, and exceptional craftsmanship.

Our Mission

Our mission is to provide superior quality fasteners die-tools that exceed industry standards, backed by exceptional customer service and expertise. We aim to continuously innovate and adopt to meet the evolving needs of our customers, empowering them with reliable solutions for their fastening challenges.

Our Vision

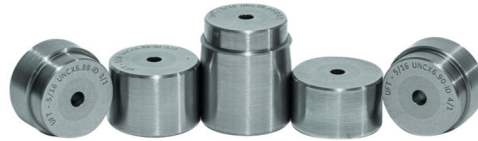

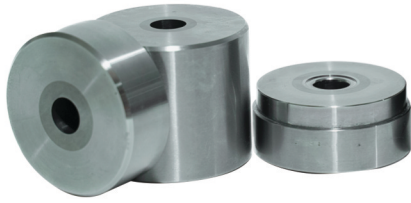

To be the global leader in fastening solutions, recognized for our commitment to quality, innovation, and customer satisfaction.

Our Strength

1. **Quality Craftsmanship:** We prioritize excellence in manufacturing, ensuring our fasteners die-tools meet the highest standards of durability and performance.
2. **Customer Focus:** Our customers are at the heart of everything we do. We strive to understand their unique requirements and provide personalized solutions that exceed their expectations.
3. **Industry Experience:** With over three decades of experience, we have the knowledge and expertise to deliver reliable fastening solutions tailored to various industries and applications.

CARBIDE HEADING DIE

Range of Carbide Heading Die includes,

- **BORE DIAMETER :**

+ **Ø1.50 MM to Ø30.0 MM and so on..**

Any Type Of Customization Can Be Available As Per Order.

FIRST PUNCH

SLIDING FIRST PUNCH

Range of First Punch includes,

- **BORE DIAMETER :**

+ **Ø1.50 MM to Ø30.0 MM and so on..**

Any Type Of Customization Can Be Available As Per Order.

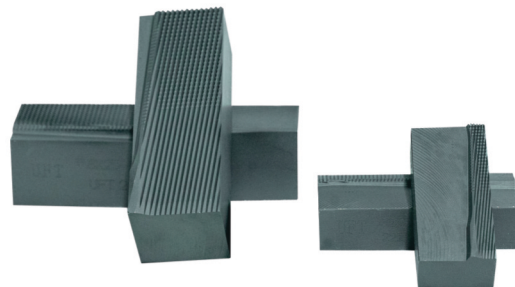

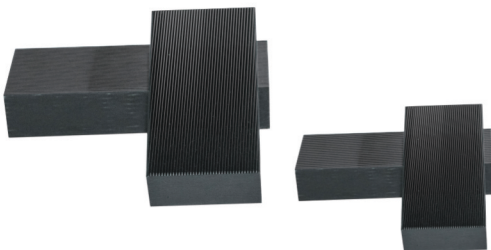

Range of Sliding First Punch includes,

- **SPECIFICATION : Ø12, Ø15, Ø18, Ø23, etc..**

- **MATERIAL : TUNGSTEN CARBIDE**

Any Type Of Customization Can Be Available As Per Order.

THREAD ROLLING DIE

Range of Thread Rolling Die includes,

- **MACHINE SCREW : METRIC, BS & UN Series**

- **SELF TAPPING SCREW**

- **DRYWALL SCREW**

- **CHIPBOARD SCREW**

Any Type Of Customization Can Be Available As Per Order.

SCREW SECOND PUNCH

Range of Second Punch includes,

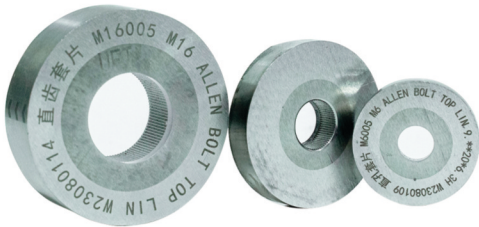

- STANDARDS :

- + JIS Series : JMF, JMP, JMT, etc..
- + ANSI Series : AMF, AMP, etc..
- + DIN Series : DIN 7991, DIN 7981, DIN 7982, etc..
- + ISO Series : ISO 7380, etc..

- PUNCH HEAD : Pan Head, Flat Head, Truss Head, etc..
- PUNCH DRIVER : Phillips, Combination, Hexagon, Six-lob (TORX), etc..
- PUNCH SPECIFICATION : Ø12, Ø14, Ø18, Ø23, etc..
- PUNCH MATERIAL : M2, M42
- PUNCH COATING : PLAIN, TIN (Gold), TIALN (Black)

Any Type Of Customization Can Be Available As Per Order.

CARBIDE KNURLING TOPNIB

Range of Carbide Knurling Topnib includes,

- METRIC SERIES :

- + M3 to M20, etc..

- BS & UN SERIES :

- + 3/16 to 3/4, etc..

Any Type Of Customization Can Be Available As Per Order.

HEX PIN PUNCH

Range of Hex Pin Punch includes,

- STANDARDS :

- + METRIC SERIES : M3 to M20, etc..
- + BS & UN SERIES : 3/16 to 3/4, etc..

- MATERIAL : M42
- COATING : TIALN (Black)

Any Type Of Customization Can Be Available As Per Order.

MONOGRAM

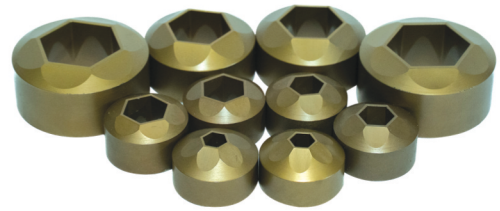

Range of Monogram includes,

- TYPE OF BOLT : ALLEN BOLT, HEX BOLT, etc..
- STANDARDS :
 - + METRIC SERIES : M3 to M20, etc..
 - + BS & UN SERIES : 3/16 to 3/4, etc..
- SPECIFICATION : Ø18, Ø24, Ø34, Ø40
- MATERIAL : M42
- COATING : TIALN (Black)

Any Type Of Customization Can Be Available As Per Order.

TRIMMING DIE

Range of Trimming Die includes,

- STANDARDS :
 - + METRIC SERIES : M3 to M20, etc..
 - + BS & UN SERIES : 3/16 to 3/4, etc..
- SPECIFICATION : Ø27, Ø38, Ø45, etc..
- MATERIAL : M2, M42
- COATING : TIN (Gold), TIALN (Black)

Any Type Of Customization Can Be Available As Per Order.

KO PIN

Range of KO Pin includes,

- PIN DIAMETER :
 - + Ø1.50 MM to Ø30.0 MM and so on..

Any Type Of Customization Can Be Available As Per Order.

TAP

Range of Tap includes,

- STANDARDS :
 - + METRIC SERIES : M3 to M20, etc..
 - + BS & UN SERIES : 3/16 to 3/4, etc..

Any Type Of Customization Can Be Available As Per Order.
